

## Happy Birthday Bandi Renjith!

Hey Bandi Renjith,

I hope this message finds you well and sound.

Omg, It's your birthday again(Don't get excited Abhi 4 din bache h 🤔🤔)! So what are you now? 25? or 26? Don't worry; I won't tell anyone if you won't tell mine. 😊 That's why we keep best friends to keep secrets.

Okay, enough! Let me tell you one thing about you that you are the best- the best. (I'm not lying 😊). When I first talked to you, obviously on Whatsapp (Sadly 1st Sem), I found you very nice. I was about to sleep at that time, and you made me laugh inside my blanket with your voice messages. It was a hilarious Malayalam (Maybe Tamil/ Telugu/ Kannada whatever it is 😊, All were same for me) accent.

And birthday aa raha h to sara time B.Tech. ke dancers ke sath hi mat bitane lag jana, thoda hum log ka bhi dhyan rakhna, nahi to me Sankar ko bata duga.

Now, the below line is in Hindi; read it correctly. Otherwise, you know me 😊.

"Tum itne bhole ho ki palako par bitha kar rakhta hu,

.

.

.

Kahi gir na jao, isliye chashma laga kar rakhta hu 😊"

It is hard to find words to express just how much your friendship means to me. You always take care of all six of us. That's the thing which differs you from others.

Be always the same, brother. Things which Kunal doesn't like in you, change them; otherwise, you are fine. 🤔🤔

Okay then Bye Bye. Milte h phir birthday par Mathworks ke sath 😊.

Wish you a very-very Happy Birthday in advance. Have a wonderful journey ahead. 🙏🙏
